## **FOR PARENTS OF CLOSE CONTACTS OF COVID 19 at SOUTH BOROUGH PRIMARY SCHOOL**

### **Advice for Child to Self-Isolate for 10 Days**

Dear Parents and Carers of children in Year 5 (5S & 5W),

We have just been made aware that we have a positive case of coronavirus (COVID-19) at South Borough Primary School.

We have followed the national guidance and have identified that your child has been in close contact with the affected person. In line with the national guidance your child must stay at home and **self-isolate up until and including Tuesday 1st June 2021.**

If your child is well at the end of the 10 day period of self-isolation, then they can return to usual activities on **Wednesday 2nd June** and return to school as normal on **Monday 7th June 2021.**

Other members of your household can continue normal activities provided your child does not develop symptoms within the 10 day self-isolation period.

Please see the link to: Guidance for contacts of people with confirmed coronavirus (COVID-19) infection who do not live with the person.

[Guidance for contacts of people with confirmed coronavirus \(COVID-19\) infection who do not live with the person](#)

### **What to do if your child develops symptoms of COVID 19**

If your child develops symptoms of COVID-19, they must not come to school and should remain at home for at least **10 days** from the date when their symptoms appeared. Anyone with symptoms will be eligible for a PCR test (the normally available test type) and this can be arranged via <https://www.nhs.uk/ask-for-a-coronavirus-test> or by calling 119.

All other household members who remain well, must stay at home and not leave the house for 10 days. This includes anyone in your 'Support Bubble'.

Further information is available at:

<https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection>

The household isolation period includes the day the first person in your household's symptoms started (or the day their test was taken if they did not have symptoms) and the next 10 full days. This means that if, for example, your 10 day isolation period starts on the 15th of the month, your isolation period ends at 23:59 hrs on the 25th and you can return to your normal routine.

Household members should not go to work, school or public areas and exercise should be taken within the home.

If you require help with buying groceries, other shopping or picking up medication, or walking a dog, you should ask friends or family. Alternatively, you can order your shopping online and medication by phone or online.

Household members staying at home for 10 days will greatly reduce the overall amount of infection the household could pass on to others in the community

If you are able, move any vulnerable individuals (such as the elderly and those with underlying health conditions) out of your home, to stay with friends or family for the duration of the home isolation period.

## Symptoms

The most common symptoms of coronavirus (COVID-19) are recent onset of:

- a new continuous cough
- a high temperature
- a loss of, or change in, your normal sense of taste or smell (anosmia)

**For most people, coronavirus (COVID-19) will be a mild illness.**

If your child does develop symptoms, you can seek advice from the nhs.uk website at <https://www.nhs.uk/conditions/coronavirus-covid-19/check-if-you-have-coronavirus-symptoms/>. If you are concerned about your child's symptoms, or they are worsening you can seek advice from NHS 111 at <https://111.nhs.uk/> or by phoning 111.

## How to stop COVID-19 spreading

There are things you can do to help reduce the risk of you and anyone you live with getting ill with COVID-19

### Do

- wash your hands with soap and water often – do this for at least 20 seconds
- use hand sanitiser gel if soap and water are not available
- wash your hands as soon as you get home
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin immediately and wash your hands afterwards

## Further Information

Further information is available at <https://www.nhs.uk/conditions/coronavirus-covid-19/>

## Online Learning

Online learning tasks will be set from tomorrow. These will be set via Google Classroom.

Yours sincerely,

Mrs J Olivier  
Executive Headteacher

Mr M Currie  
Head of School
