

SOUTH BOROUGH PRIMARY SCHOOL

Year 1 Learning Flyer - Term 2

This Learning Flyer shows what your child will be learning this term.

English

In English this term, Year 1 will be learning about instructional writing and the features it needs such as bossy verbs and time adverbials. This will be linked to learning about Remembrance day and creating lots of different poppies using a range of media and materials. We will continue our learning of phonics, the children have progressed really well with their reading and writing skills.

Maths

In Maths this term, Year 1 will be learning about 'Addition and Subtraction' (within 10). We will be learning about the addition, subtraction and equal symbols and write number sentences using them. We will be learning how to use a part-whole model, number bonds to ten and the number fact families.

Science

In Science this term, Year 1 will be learning about materials, such as wood, metal, plastic and glass. We will sort and classify objects according to the material they are made from. We will also learn about the properties of materials, such as absorbency, flexibility and transparency. Throughout Year 1, we will be studying the four Seasons. We will be observing Winter changes this term.

History

For History this term, Year 1 will be learning all about Guy Fawkes and the gunpowder plot. We will be exploring this topic by putting ourselves into the 16th century and learning about what it was like for Guy Fawkes growing up in such a difficult time. Each class will be making a Guy, don't worry though, there will not be any gunpowder!!

Music

In music this term we will be focusing on the songs from our Nativity. The children are already working hard learning the lyrics and dance moves, in addition to the signing of the key words. Keep practising the songs at home (on class Dojo) and they will become superstars in no time.

Physical Education

In P.E we will be learning about two kinds of activities this term. The first is 'multi-skills' (with a focus on cricket and basketball) this will involve catching, throwing and dribbling with control. The second activity is 'dance' (with a focus on developing balance, agility and coordination). We will also be learning to perform different dances using simple movement patterns.

Computing

Year 1 we will be learning that decomposition means breaking a problem down into smaller parts. This will help the children to think more computationally and develop their understanding of algorithms.

Art

In Art this term, Year 1 will be learning about colour and the colour wheel. They will be studying the artist 'Marc Chagall' and creating their own Modernist Style art work!

RE Day

This term during our R.E day, we will be discussing which stories are special to us at this time of year and why. We will be focussing on the key religion Christianity. We will listen to stories from Christian culture and learn about some of the children's own customs and traditions.

Personal, Social, Health and Economic Education

In PSHE this term, we will be learning about; how to make new friends; looking at our own similarities and differences; being special and unique and how we can celebrate these wonderful attributes together.

Books we will be reading this term:

Value of the Term

RESPECT

We listen to the viewpoint of others.

Home Learning

Remember to keep logging on to Mathletics to practise maths.

Try to read every day and watch phonics videos on class Dojo, get your reading record signed daily to gain your reads!
