

SOUTH BOROUGH PRIMARY SCHOOL

Year 5 Learning Flyer - Term 4

This Learning Flyer shows what your child will be learning this term.

English

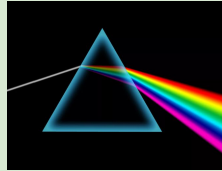

This term, we will be reading "The Boy in the Tower" by Polly Ho-Yen; a book about the struggles of a young boy living in a world where plants have started to take over. We will also read Joseph Coelho's poetry book, "Overheard in the Tower Block"; a series of poems that form one continuous tale of a boy's life from childhood to adolescence to adulthood.

Maths

This term we will be continuing to focus on boosting times tables knowledge through daily practice. We will be continuing on with our work on fractions, decimals and percentages throughout this term. This will involve finding fractions of amounts and solving problem solving questions using their knowledge of times tables and their interactions with fractions. This will logically move us into statistics towards the end of the term.

Science

In Term 4 we will be exploring more about the aspects of light and how light works in relation to different types of materials. We will also have an opportunity to explore light using different scientific equipment such as prisms.

Geography

For our second term of Geography learning this year, children will be taking a close look at the continent of South America. They will be learning about the characteristics of the rainforest and the different environmental factors that affect this continent.

Music

In Music, we will be exploring the song "Make you feel my love" By Adele - diving into the structure, use of instruments and voice in it's composition.

Physical Education

This term in PE, we will be looking at racket sports - in particular tennis and lacrosse. Two sports that use rackets in completely different ways. We will be looking at how the sports require similar and different skills for success.

Computing

Year 5 will be looking at stop motion using cameras. The students will plan, edit and create a stop motion animation from start to finish.

Art

Year 5 will be learning about how to sketch and create form with a variety of media. They will be studying assemblage art inspired by the amazing monochromatic contemporary artist Louise Nevelson.

RE Day

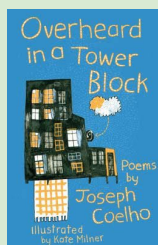

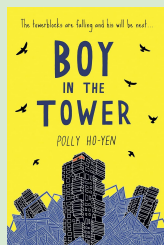

In Term 4 we will have RE day on February 8th looking at the religion of Islam. The question we will be focussing on is:

[Is it better to express your religion in arts and architecture or in charity and generosity?](#)

Personal, Social, Health and Economic Education (PSHE)

As a year group we will be looking at "Healthy Living" and at many ways we can live our best, most healthy lives.

Books we will be reading this term:

Value of the Term

KINDNESS

We congratulate and encourage each other.

Home Learning

Remember to keep logging on to Mathletics to practise maths. Don't forget to read daily and get your reading record signed to gain your reads!
