

SOUTH BOROUGH PRIMARY SCHOOL

Year 1 Learning Flyer - Term 4

This Learning Flyer shows what your child will be learning this term.

English

In English this term, Year 1 will be looking at the books **The Tin Forest** and **Voices in the Park**. These books will allow us to explore adjectives, verbs and nouns in more depth and encourage us to be more adventurous with our storytelling. On the 20th March, we will be having a school trip to South Park. During this trip we will sit down and read the book **Voices in the Park** together.

Maths

In Maths, Year 1 will be learning about **'Place Value'** (within 50), in addition to **'Measurement'** where children will be learning about length, weight, mass and volume. We will be counting in groups of ten up to 50 and using the part whole model to separate tens and ones. The children will be using objects to measure the length of items first and then they will start to use centimeters. Have a go at measuring at home, maybe they can see how long their bed is using teddies

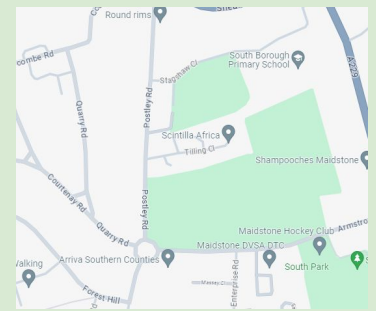

Science

This term we will continue our learning about **living things** and compare the features of common animals. We will be focusing more closely on the **human body** and will be exploring the different parts of the human body and be able to confidently label each body part. Alongside physical features of the human body we will be learning about the 5 senses. Throughout Year 1, we study the 'Four Seasons'. This term, we will be observing the changes starting to happen in preparation for **Spring**.

Geography

For Geography this term, Year 1 will be continuing our learning about the local area. We will carry out field work by having a **school trip to South Park**. We will plan our walk together by looking at local maps as well as use local features which we recognise (such as the skatepark) to create our route. We will be exploring aerial pictures and different styles of maps which include keys and symbols and this research will help us to create the perfect route for our journey to South Park.

Design Technology

This term we are going to be exploring **structures** by learning all about Windmills. We will be creating our own windmill using the knowledge we acquire about structures this will help us create a solid building even with movement from the sails.

Music

This term we will be exploring musical instruments. This will include using different instruments to play along to the beat of the song **'Banana rap'**. I am sure the children will have fantastic fun making music and hearing new sounds.

R.E Day

This term during our R.E day, we will be learning about the religion **'Islam'**. It will take place on Friday 22nd March.

Computing

Year 1 will be learning more about 'online safety', in addition to exploring digital images. The children will be creating their own story using digital pictures. To do this they will be improving their photography skills!

Art

Year one will be learning about how to create form. We will be working with clay and other materials and studying the visual artist Lorien Stern.

Physical Education

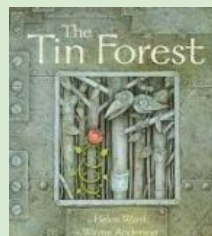

This term the children will be improving the motor skills by learning to play both **tennis** and **basketball**. Year 1 P.E days have been changed to **Tuesdays** and **Thursday**. Please ensure that your child wears the correct P.E kit on those days and school uniform for the remainder of the week

Personal, Social, Health and Economic Education

We will be looking at how to be healthy and look after ourselves this term. This will include healthy eating, keeping fit, road safety and being safe around household objects such as medicine.

Books we will be reading this term:

We will continue our daily learning of phonics.

Value of the Term

KINDNESS

We congratulate and encourage each other.

Home Learning

Remember to keep logging on to Mathletics to practise maths.

Try to read every day and watch phonics videos on class Dojo, get your reading record signed daily to gain your reads!
