

SOUTH BOROUGH PRIMARY SCHOOL

Year 3 Learning Flyer - Term 5

This Learning Flyer shows what your child will be learning this term.

English

This term, we are going to use the short film, 'Soar' to help us write our own short narrative. We will be ensuring that we include speech so that we can continue to practise using this in our writing.

Later in the term, we will be using our learning in Science to help us create our own information texts about skeletons. We will use headings, subheadings and formal language to inform our reader about the different skeleton types.

Maths

The children will begin to learn about fractions this term. They will be understanding what a fraction is and what it represents. They will be counting in fractions, adding fractions and exploring equivalent fractions.

After fractions we will move on to mass and capacity. They will be looking at measurements of mass and capacity and how to add, subtract and compare different measurements.

At home measure the mass of objects using kitchen scales. Pick up objects, estimate their mass and then measure them. Were you close?

Physical Education

With the coach the children will be working on skills and understanding the rules of Trigolf. With class teachers they will be focusing on a range of different paralympic events and developing a range of skills related to these events.

Design Technology

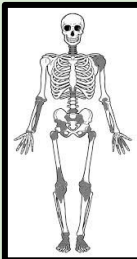

Year 3 are going to be learning about food; where it comes from, what grows locally and how to peel, chop and grate as they create their own savoury tart.

History

This term, we will be finding out about the Shang Dynasty. We will discuss who the first rulers were, what they believed in and why the Shang rule ended. We will be comparing and contrasting this ancient civilization to the ancient Greeks and ancient Egyptians.

Science

In Science, our topic is *Animals including Humans*. We will explore and understand the purpose of the skeletal system, learn about how muscles move and find out about the digestive system including the role that the teeth play in this process.

Computing

In computing, the children will be begin the term recapping the importance of staying safe online. They will then learn about video editing as they create a short film trailer about a book.

Art

This term year 3 will be learning about printmaking. They will be making multiple prints in the style of the American Pop artist Andy Warhol, they will use their knowledge of colour theory and repeat prints to recreate Warhol style masterpieces!

Spanish

This term, the children will be learning about animals, they will be developing listening, speaking and writing skills.

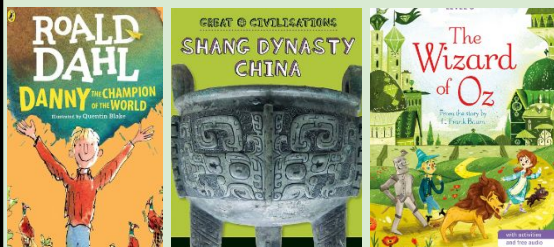

RE Day - Buddhism

This term during our R.E day, we will be learning about the religion 'Buddhism'. It will take place on Thursday 23rd May.

Personal, Social, Health and Economic Education (PSHE)

In Jigsaw our theme is *Relationships*. We will discuss the relationships in our families as well as with our friends. We will think about how to deal with conflicts with others and how the actions of others can affect us.

Books we will be reading this term:

Value of the Term

Determination

We aim to be the best we can be in everything we do.

Home Learning

Remember to keep logging on to Mathletics to practise maths and Times Table Rockstars to improve recall of multiplication facts. Do not forget to bring your reading record in daily to gain your reads and earn rewards!
