

# SOUTH BOROUGH PRIMARY SCHOOL

## EYFS Learning Flyer - Term 4

This Learning Flyer shows what your child will be learning this term.

### Phonics - Literacy

This term, the children will continue to hone their phonics skills by playing games, singing songs, and reading stories, which help them as they master recognizing, blending, and writing sounds. In nursery the children will continue to develop their phonological awareness by listening to familiar songs and nursery rhymes, and recognising words with the same initial sound, such as money and mother. In Reception, the children have lots of opportunities to practise blending, reading and writing as they start to read more complex words and write sentences independently.

### Maths

Reception will be building on their understanding of numbers to ten. This includes comparing numbers, subitising, 1 more and 1 less, composition of numbers, number bonds and doubling. They will also be exploring 3D shapes and patterns.

Nursery will continue to count up to 10 and learn to match numerals with their quantities and explore 3D shapes. Children will also explore mass and capacity this term.

### Understanding the World

This term the children will be learning all about superheroes! We'll be encouraging the children to think about what it takes to make a superhero, and whether they can think of anyone in their local community who helps people. We'll also be encouraging the children to think about heroes of the past, great inventors or explorers or people who made the world a better place.

### Personal, Social and Emotional Development

The children will learn how to see themselves as a valuable individual as everyone is amazing and has their own superpowers. We will focus on how to show resilience and perseverance in the face of challenge. We will encourage them to think about the perspectives of others, including the feelings of others. Children will also discuss how to be respectful and how to show others kindness.

### Communication and Language

The children in Reception and Nursery will be practising their listening skills as they try to retell the stories that they've heard. We'll also be talking about the kind of problems that heroes face and discuss how we could solve them. We'll be encouraging the children to describe themselves as superheroes while using new vocabulary that they've learnt this term!

### Expressive Arts and Design

Incoming super creativeness... The children will be transforming themselves in superheroes. We are talking masks, capes, gadgets, poses, superhero vehicles, powers, solving challenges, catching villains and saving the day!

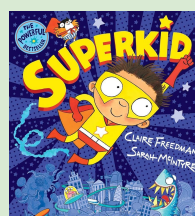

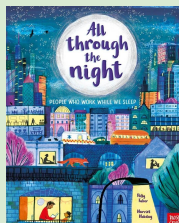

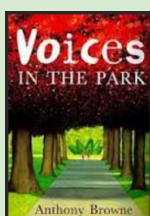

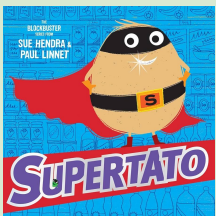

### RE Day

This term, we will be learning about the religion 'Islam' and thinking about what times are special to us and why.

### Physical Development

Children in Nursery and Reception will continue to have lots of opportunities to practise their gross and fine motor skills. They will focus on refining movement skills; rolling, crawling, walking, jumping, running, hopping, skipping and climbing. There will be a superhero challenge day where children will demonstrate their super capabilities.

### Books we will be reading this term:

### Value of the Term

**KINDNESS**

We congratulate and encourage each other.

### Home Learning

Try to read and watch phonics videos and get your reading record signed to have your read counted! Please talk to your child about what they would do if they had a worry at home and school.
