

SOUTH BOROUGH PRIMARY SCHOOL

Year 1 Learning Flyer - Term 5

This Learning Flyer shows what your child will be learning this term.

English This term in Year 1, the children will be looking at a number of different text types including letters and information texts. The children will be continuing to focus on writing simple sentences that contain capital letters, full stops and finger spaces and will be encouraged to use their phonics knowledge in their own writing. The children will also continue to work on knowing all of the phonics sounds and reading them within words.

How you can support at home:

Read with your child for 10 minutes every night and talk about what you have read. Point out new vocabulary to your children that they may want to use in their own writing.

Science In Science this term, Year 1 will be learning all about plants. We will learn what plants need to grow healthy, the parts of plants, seeds dispersal, deciduous and evergreen plants and plants that we eat.

How you can support at home: Look at the different plants you have at home, in the garden or on your walk to school, can the children name some common plants? Perhaps grow a plant at home and keep a diary. What does your plant need in order to grow healthy?

Maths In Maths this term, we will be learning about multiplication and division, starting with counting in 2s, 5s and 10s. We will be learning about arrays, making equal groups and doubles. We will also be learning about fractions starting with half and quarters.

How can you help? Count pairs of socks and other items by counting in 2s. Estimate how many items are in a jar then find out by counting in 2s. Enjoy a workout and count with [Jack Hartmann](#) practising counting in **2s**, and **5s** and **10s**. When sharing food, perhaps a pizza, cake or when cutting up an apple, talk about halves and quarters. Provide your child with a number of objects, can they share them between 2 people

Geography In Geography this term, the children will be looking at the seven continents and the five oceans of the world. They will identify these and locate them on a map before learning about the poles and the differences between the land in different parts of the world.

How you can support at home: Look at a map or atlas together with your child and encourage them to think about how other countries may differ to the United Kingdom.

Computing

Year 1 will be discussing online safety. We will learn to get help when we are worried by something on a digital device, explore what is or isn't okay to share online.

Physical Education

During P.E, Year 1 will be taking part in Dance and Multi-skills this term. They will practise moving in time with music and will practise their balancing and ball skills as part of multi-skills. **P.E for Year 1 will take place every Tuesday this term.**

Personal, Social, Health and Economic Education (PSHE)

Relationships

In PSHE this term, Year 1 will focus on building foundational social and emotional skills. Children will learn to understand their family structures by creating family trees, develop the skills needed to make and maintain friendships, and appreciate the special relationships in their lives. Children will explore the qualities of a good friend, both to others and themselves, and begin to identify and understand the roles of different people who help us in our community.

RE

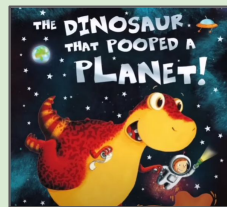

Christianity & Judaism: we will be exploring the Genesis story of God creating the world in six days.

Islam: we will be exploring the Qur'an's teaching, that Allah created the world in six stages.

Looking after the Earth: we will be exploring our shared belief, across these faiths, that we have a duty to look after the Earth.

Determination: we will be exploring the universal rule to treat everyone with respect and love, shared by religious and non-religious people alike.

Books we will be reading this term:

[The dinosaur that pooped a planet.](#)
[Dear Dinosaur.](#)

We will continue our [daily learning of phonics.](#)

Value of the Term Determination

We don't give up - we ask for help if we need it.

We aim to be the best we can be in everything we do.

Art

This term Year 1 will be using objects to print from, they will explore lines, shapes and symbols and create some amazing printworks in the style of the Spanish artist [Joan Miro](#).

Design Technology (D.T)

In DT this term we will be making our own moving vehicles using cardboard boxes and wheels.

Home Learning

Read with your child and practise phonics everyday: Then sign your child's reading records to gain reading points!
