SOUTH BOROUGH PRIMARY SCHOOL

Year 3 Learning Flyer - Term 2

This Learning Flyer shows what your child will be learning this term.

English

We will use Kit Wright's poem, The Magic Box, to help us write a poem using sophisticated language and a range of senses to describe what we would put in our own magic box. Later in the term, we will learn about Mary Seacole and how she helped soldiers during the Crimean war. We will write a persuasive letter as if we were Mary to raise funds for the 'British Hotel'.

How can you help?

Spelling Shed is a great resources to support spelling, punctuation and grammar.

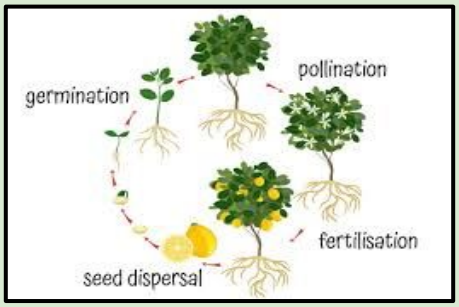

Maths

This term we will be looking at adding and subtracting three digit numbers using formal methods. **How you can help?** Look through these videos with your child to help them feel confident with their learning. We will then move onto multiplication and division using arrays, equal groupings and sharing. We will also be focusing on 2s, 3s, 4s, 5s, 8s and 10s. **How can you help?** Please support your child with learning their number facts and multiplication tables by encouraging them to play Numbots or TTRS for a few minutes, 4-5 times a week.

Science

Our science topic is 'cycles in nature'. The children will spend time understanding seasonal changes in plants, the life cycle of plants and the life cycle of an amphibian.

History

In history, the children will be learning about ancient Egypt. They will begin to understand the importance of the River Nile, the civilisation's keys beliefs and think about how archeologists use what has been left behind to help them understand this fascinating society. **How you can help?** Encourage your child to look through these lessons.

Physical Education

This term in PE, we will be using dance to bring characters to life using movement. Children will also explore what makes an effective team through different problem-solving challenges.

Geography

This term in geography we are focusing on settlements. We will learn different settlement types as well as why people settle in these places.

How can you help? Have a look through these lessons about settlements.

Computing

This term, we will be learning about coding and using Marty robots. We will get to know the basics of robotics and begin to learn how to programme a robot using code.

Art

This term year 3 will be learning about Sir Isaac Newton's colour wheel and how to use it. They will explore colour combinations and create some beautiful pieces of art with variety of media!

DT

The children will spend a day creating their own pop up books. They will research and design their books before making them.

RE

In RE, we are thinking about Jesus and why some people see him as an inspiration.

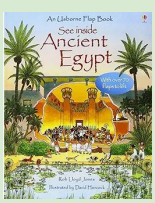

Music

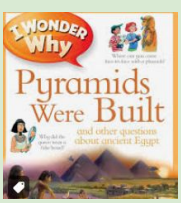

We will be using Pachelbel Canons to help understand terms like ostinato and canon before having a go at playing our own version of this piece.

Personal, Social, Health and Economic Education (PSHE)

In PSHE this term, our topic will be relationships. The children will discuss families and different types of families, bullying behaviours as well as thinking about stereotypes and why stereotyping is wrong.

Books we will be reading this term:

Value of the Term in line with British Values
