

SOUTH BOROUGH PRIMARY SCHOOL

Year 4 Learning Flyer - Term 6

This Learning Flyer shows what your child will be learning this term.

English

The children will be writing a narrative linked to our class book, *How to Train Your Dragon*. They will continue to develop their story writing skills, incorporating speech to make their writing even more exciting. Later in the term, we will be reflecting on our year in Year 4 and writing about our learning and favourite experiences.

[Spelling Shed](#) is a great resource to support spelling, punctuation & grammar. Sid the Sloth is our reward for earning the most points!

Maths

We will be beginning with a unit on time looking at units of time and converting between 24/12 hour clocks. We will then proceed onto our shape unit where the children will be exploring polygons and lines of symmetry. At the tail end of the term, we will be exploring position and directions as well as statistics including graphs.

How can you help?

Encourage your child to play [TTRS](#) for a few minutes, 4-5 times a week.

Science

This term in science, we will be looking at the human body including cells, the digestive system and how our body's can benefit from different minerals and vitamins. How can you help?

Point out to the children which foods have different nutrients, minerals or vitamins in them so they can link their learning to the food they eat at home.

History

In History, we will continue learning about The Stuarts. We will explore the role of Oliver Cromwell, as well as how Charles II was restored to the throne. Later in the term we will discuss the Great Plague and discover what happened during the Fire of London, exploring the role of Christopher Wren in re-building London.

DT

In DT, we will be cooking a main course of ratatouille and a dessert of apple crumble. By doing this together, the children can consolidate their chopping and knife skills as well as replicating an authentic experience of cooking a two course meal from scratch.

Physical Education - Mon and Wed

During PE sessions the children will be developing their skills in dance in preparation for a virtual, live event with the Royal Ballet company. They will also be focusing on athletics ahead of Sports Day, in particular running, jumping and throwing, as well as the skills needed to work as part of a team.

Computing

This term in Computing, your child will be exploring iMedia, in particular photography. They will move beyond point and shoot techniques and look at framing, orientation and digital filters to create some beautiful, more complex photography. They will edit their photos using post shoot editing software and play with the different filters and settings to perfect their pictures gaining useful and impressive photography skills.

Art

This term year 4 will be using their knowledge of form and pattern to create Daniel Burren cubes. They will study pattern in art and apply their knowledge of the elements of art to create some fantastic end of year artworks!

Geography

This term we will be learning about Japan. We will begin by looking at where Japan is located, as well as the weather and climate. We will then look at the human and geographical features of Japan, as well as exploring its cultural history.

Personal, Social, Health and Economic Education (PSHE)

We will be exploring the topic 'Wider World'. This will include the importance of diversity and showing tolerance towards others, how winning and losing impacts our emotions and how to describe a resilient response to change.

How can you help?

Ask your child about their learning in PSHE.

Value of the Term

Respect

We celebrate people's differences.

We listen carefully to the views and opinions of others.
