

SOUTH BOROUGH PRIMARY SCHOOL

Year 2 Learning Flyer - *Term 1*

This Learning Flyer shows what your child will be learning this term.

English

Our reading and writing will be centred around the topic of space. We will be starting the term by recapping our knowledge of what a sentence needs. We will be retelling the story of Beegu and ensuring we can sequence the story chronologically. Later in the term we will be writing a description of an alien and a set of instructions.

How can you help? Read each day with your child and ask them simple questions about what they have read.

Maths

This term, we will be starting with looking at place value. We will look at reading, writing and partitioning numbers up to 100. We will then move on to learning about addition and subtraction. **How can you help?** Encourage children to tell you how many tens and ones are in a number they see, this may be a door number or even a bus! Please also practice forming numbers correctly.

Science

This term, our science adventure will take us to the stars as we explore astronomy and our incredible Solar System. Our learning will include learning about the unique planets in our cosmic neighborhood, including Earth's closest companion, the moon. We'll dive into the world of stars and constellations, learning to identify them in the night sky. **How can you help?** Learn the names of the different planets in our solar system using this catchy song: [The Planet Song](#).

Geography

This term, we are completing the topic 'spatial sense'. We will be looking at the location of our school and create a map for it. We will then use maps to plan routes and identify locations both locally and on a wider scale.

How you can help? Use Google maps to explore your local area. Are there familiar places that your child can locate on the map?

Design Technology

For our first DT day of the year, we will be cooking pizzas! The children will follow a recipe and have a go at chopping, rolling, spreading and kneading the ingredients.

Physical Education

In P.E this term the children will be learning how to work as a team in sports. The children's PE day is Wednesday.

Music

In music we will be exploring 'what is rhythmic ostinato?' and having a go at performing our own pieces!

Computing

This term in computing, we will be exploring digital technology. We will look at how to use a keyboard and what devices are in our everyday lives. **How can you help?** Discuss with your child what devices they have at home and how they are used.

Personal, Social, Health and Economic Education (PSHE)

In PSHE this term, our topic will be resilience. We will talk about how life challenges us every day. We'll explore tools and strategies to help navigate these obstacles, including how to gain a deeper understanding of personal triggers.

How you can help? Discuss how your child is feeling about being Year 2 this year.

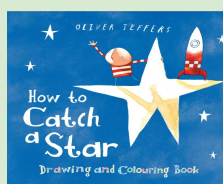

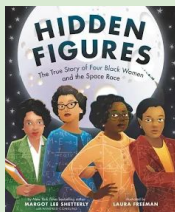

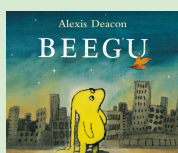

Art

This term year 2 will be developing their drawing skills using lines, shape and form. They will be exploring the colourful world of David Hockney and creating their own landscape masterpieces!

RE

Throughout the term we will be looking at places of worship. We will look at where and how Muslims, Christians and Jews worship. We will also consider what it means to belong.

Books we will be reading this term:

British Values

Democracy

Rule of Law

Freedom

Mutual Respect

Tolerance
