[Information for parents: multiplication tables check - GOV.UK](#)

Purpose

The purpose of the check is to determine whether your child can fluently recall their times tables up to 12, which is essential for future success in mathematics. It will also help your child's school to identify if your child may need additional support.

What is the multiplication tables check?

It is an on-screen check consisting of 25 times table questions. Your child will be able to answer 3 practice questions before taking the actual check. They will then have 6 seconds to answer each question. On average, the check should take no longer than 5 minutes to complete.

What if my child cannot access the check?

There are several access arrangements available for the check, which can be used to support pupils with specific needs. Your child's teacher will ensure that the access arrangements are appropriate for your child before they take the check in June.

The check was designed to be inclusive and accessible to as many children as possible, including those with special educational needs or disability (SEND) or English as an additional language (EAL). However, there may be some circumstances in which it will not be appropriate for a pupil to take the check, even when using suitable access arrangements.

Overview

Schools must administer the check within the 2 week period between Monday 3 June and Friday 14 June.

If required, schools can also use the following week from Monday 17 June to Friday 21 June to administer the check to pupils who were absent during the first 2 weeks or in case of any delays due to technical difficulties.

What will the check look like?

Do I need to do anything to prepare my child for the check?

No, you do not need to do anything additional to prepare your child for the check.

You may wish to encourage your child to:

- Engage in TTRS more frequently

How will the results be used?

The school and the teachers will have access to all their pupils' results, to allow them to identify pupils who need additional support.

Will I receive feedback on my child's check?

Yes. Your child's score will be included in their end of year report.

There is no pass mark for the check.
