South Borough Primary School Online Safety Policy

1. Policy Aims and Scope

- This policy has been written by South Borough Primary School, involving staff, learners and parents/carers, building on The Education People policy template, with specialist advice and input as required. It takes into account the DfE statutory guidance '[Keeping Children Safe in Education](#)', '[Early Years and Foundation Stage](#)', '[Working Together to Safeguard Children](#)' and the local Safeguarding Children Multi-agency Partnership procedures.
- We recognise that online safety is an essential part of safeguarding and acknowledge our duty to ensure that all learners and staff are protected from potential harmful and inappropriate online material and/or behaviour. This policy sets out our whole school approach to online safety which will empower, protect and educate learners and staff in their use of technology and establishes the mechanisms in place to identify, intervene in, and escalate any concerns where appropriate.
- South Borough Primary School understands that breadth of issues classified within online safety is considerable, but can be categorised into four areas of risk:
 - **content:** being exposed to illegal, inappropriate or harmful content, for example: pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation and extremism.
 - **contact:** being subjected to harmful online interaction with other users; for example: peer to peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes.
 - **conduct:** personal online behaviour that increases the likelihood of, or causes, harm; for example, making, sending and receiving explicit images e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography, sharing other explicit images and online bullying.
 - **commerce:** risks such as online gambling, inappropriate advertising, phishing and or financial scams.
- South Borough Primary School recognises that children are at risk of abuse online as well as face to face. In many cases abuse will take place concurrently via online channels and in daily life. Children can also abuse their peers online.
- This policy applies to learners, parents/carers and all staff, including the governing body, leadership team, teachers, support staff, external contractors, visitors, volunteers and other individuals who work for, or provide services on behalf of the school (collectively referred to as "staff" in this policy).
- South Borough Primary School identifies that the internet and technology, including computers, tablets, mobile phones, smart watches, games consoles and social media, is an important part of everyday life, and presents positive and exciting opportunities, as well as challenges and risks. This policy applies to all access to and use of technology, both on and off-site.
- This policy links with several other policies, practices and action plans, including but not limited to:
 - Anti-bullying policy
 - Acceptable Use Policies (AUP) and/or the Staff Code of conduct.
 - Behaviour policy
 - Safeguarding policy
 - Data protection

2. Responding to Emerging Risks

- South Borough Primary School recognises that the internet is a constantly changing environment with new apps, devices, websites and material emerging at a rapid pace.
- We will:
 - carry out an annual review of our online safety approaches which will be supported by an annual risk assessment which considers and reflects the specific risks our learners face.
 - regularly review the methods used to identify, assess and minimise online risks.
 - examine emerging technologies for educational benefit and undertake appropriate risk assessments before their use is permitted.
 - ensure that appropriate filtering and monitoring is in place and take all reasonable precautions to ensure that internet access is appropriate.

Generative AI tools are now widespread and easy to access. Staff, pupils and parents/carers may be familiar with generative chatbots such as ChatGPT and Google Gemini. For example, in the form of 'deepfakes', where AI is used to create images, audio or video hoaxes that look real. This includes deepfake pornography: pornographic content created using AI to include someone's likeness.

South Borough Primary School will treat any use of AI to bully pupils very seriously, in line with our anti-bullying/behaviour policies.

Staff should be aware of the risks of using AI tools while they are still being developed and should carry out a risk assessment where new AI tools are being used by the school/trust, and where existing AI tools are used in cases which may pose a risk to all individuals that may be affected by them, including, but not limited to,

pupils and staff. Any use of artificial intelligence should be carried out in accordance with the [DfE Guidance: Generative artificial intelligence \(AI\) in education](#).

 - consensual and non-consensual sharing of nudes and semi-nude images and/or videos (also known as sexting or youth produced sexual imagery)
 - causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
 - upskirting (which is a criminal offence), which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm
 - initiation/hazing type violence and rituals.
- South Borough Primary School believes that abuse is abuse, including when it takes place online and it will never be tolerated or dismissed as "banter", "just having a laugh", "part of growing up" or "boys being boys" as this can lead to a culture of unacceptable behaviours and an unsafe environment for children.

- South Borough Primary School believes that all staff have a role to play in challenging inappropriate online behaviours between peers.
- South Borough Primary School recognises that, even if there are no reported cases of online child on child abuse, such abuse is still likely to be taking place.

Learners who experience abuse will be offered appropriate support, regardless of where the abuse takes place.

- When responding to concerns relating to online child on child sexual violence or harassment, South Borough Primary School will follow the guidance outlined in Part Five of KCSIE 2021 and the DfE [‘Sexual Violence and Sexual Harassment Between Children in Schools and Colleges’](#) guidance.
- Online sexual violence and sexual harassment exists on a continuum and may overlap with offline behaviours; it is never acceptable. Abuse that occurs online will not be downplayed and will be treated equally seriously.
- All victims of online sexual violence or sexual harassment will be reassured that they are being taken seriously and that they will be supported and kept safe. A victim will never be given the impression that they are creating a problem by reporting online sexual violence or sexual harassment or be made to feel ashamed for making a report.
- South Borough Primary School recognises that sexual violence and sexual harassment between children can take place online. Examples may include:
 - consensual and non-consensual sharing of nude and semi-nude images and videos
 - sharing of unwanted explicit content
 - ‘upskirting’ (which is a criminal offence and typically involves taking a picture under a person’s clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm)
 - sexualised online bullying
 - unwanted sexual comments and messages, including, on social media
 - sexual exploitation, coercion and threats.
- South Borough Primary School recognises that sexual violence and sexual harassment occurring online (either in isolation or in connection to face to face incidents) can introduce a number of complex factors. These include the potential for the incident to take place across a number of social media platforms and 24 services, and for things to move from platform to platform online.
- South Borough Primary School will respond to concerns regarding online sexual violence and sexual harassment between children, regardless of whether the incident took place on our premises or using our equipment.
- South Borough Primary School will ensure that all members of the community are made aware of the potential social, psychological and criminal consequences of online sexual violence and sexual harassment and the support available, by implementing a range of age and ability appropriate educational methods as part of our curriculum.

 - The risk and needs assessment will be recorded and kept under review and will consider the victim (especially their protection and support), the alleged perpetrator, and all other children, adult students and staff and any actions that are required to protect them.
 - Reports will initially be managed internally by the DSL, and where necessary will be referred to Children’s Social Care and/or the Police.
 - The decision making and required action taken will vary on a case by case basis but will be informed by the wishes of the victim, the nature of the alleged incident (including whether a crime may have been committed), the ages and developmental stages of the children involved, any power imbalance, if the alleged incident is a one-off or a sustained pattern of abuse, if there are any ongoing risks to the victim, other children, or staff, and any other related issues or wider context.
 - If content is contained on learners’ personal devices, they will be managed in accordance with the DfE [‘searching screening and confiscation’](#) advice.

 - If a criminal offence has been committed, the DSL will discuss this with the police first to ensure that investigations are not compromised.
 - review the handling of any incidents to ensure that best practice was implemented, and policies/procedures are appropriate.
- South Borough Primary School recognises that internet brings the potential for the impact of any concerns to extend further than the local community, and for a victim or alleged perpetrator to become marginalised and excluded by online communities. South Borough Primary School also recognises the potential for repeat victimisation in the future if abusive content continues to exist somewhere online.

10.1.2 Nude or semi-nude image sharing

- South Borough Primary School recognises that consensual and non-consensual sharing of nudes and semi-nude images and/or videos (also known as youth produced/involved sexual imagery or “sexting”) can be a safeguarding issue; all concerns will be reported to and dealt with by the DSL (or deputy).

 - a child is at immediate risk of harm owing to the sharing of nudes and semi-nudes.
 - The DSL may choose to involve other agencies at any time if further information/concerns are disclosed at a later date.
 - If DSLs are unsure how to proceed, advice will be sought from the local authority.

 - inform parents/carers about the incident and how it is being managed and provide support and signposting, as appropriate, unless to do so would place a child at risk of significant harm.
 - provide the necessary safeguards and support for learners, such as offering counselling or pastoral support.

 - quarantine any involved school provided devices until police advice has been sought.

10.4 Online hate

- Online hate content, directed towards or posted by specific members of the community will not be tolerated at South Borough Primary School and will be responded to in line with existing policies, including child protection, anti-bullying and behaviour.
- All members of the community will be advised to report online hate in accordance with relevant policies and procedures.
- The police will be contacted if a criminal offence is suspected.
- If we are unclear on how to respond, or whether a criminal offence has been committed, the DSL will obtain advice through the Local Authority and/or the police.

10.5 Online radicalisation and extremism

- We will take all reasonable precautions to ensure that learners and staff are safe from terrorist and extremist material when accessing the internet on site.
- If we are concerned that a learner or adult may be at risk of radicalisation online, the DSL will be informed immediately, and action will be taken in line with our child protection policy:
 - If the concerns relate to a member of staff, the headteacher will be informed immediately, and action will be taken in line with the child protection and allegations policies.

10.6 Cybercrime

- South Borough Primary School recognises that children with particular skills and interests in computing and technology may inadvertently or deliberately stray into 'cyber-enabled' (crimes that can happen offline but are enabled at scale and at speed online) or 'cyber dependent' (crimes that can be committed only by using a computer/internet enabled device) cybercrime.
- If staff are concerned that a child may be at risk of becoming involved in cyber-dependent cybercrime, the DSL will be informed, and consideration will be given to accessing local support and/or referring into the [Cyber Choices](#) programme, which aims to intervene when young people are at risk of committing, or being drawn into, low level cyber-dependent offences and divert them to a more positive use of their skills and interests.
