

PREVENT Risk Assessment - South Borough Primary School

Designated Safeguarding Lead - Mathew Currie (Headteacher)

Date - February 2026

Under the Prevent Duty Schools are expected to assess the risk of children being drawn into terrorism, including support for extremist ideas that are part of terrorist ideology. This means being able to demonstrate both a general understanding of the risks affecting children and young people in the area and a specific understanding of how to identify individual children who may be at risk of radicalisation and what to do to support them.

This risk assessment will:

- Identify the threats in relation to the summary of local risk
- Decide who might be harmed and how
- Evaluate the risks and decide on precautions
- Record any significant findings

Schools subject to the Prevent Duty will be expected to demonstrate activity in the following areas –

- Assessing the risk of children being drawn into terrorism
- Demonstrate that they are protecting children and young people from being drawn into terrorism by having robust safeguarding policies.
- Ensure that their safeguarding arrangements take into account the policies and procedures of the Local Safeguarding Children Board.
- Make sure that staff have training that gives them the knowledge and confidence to identify children at risk of being drawn into terrorism, and to challenge extremist ideas which can be used to legitimise terrorism
- Expected to ensure children are safe from terrorist and extremist material when accessing the internet in school.
